AKADEMIYA2063 Ukraine Crisis Webinar Series – Session XII

Join us Online

The Ukraine Crisis and African Economies *Impacts on Commodity Markets in Mozambique*

In response to the Russia-Ukraine conflict and its impact on African countries, AKADEMIYA2063 developed the Ukraine Crisis Brief Series, a comprehensive research series to provide evidence-based simulations of the ramifications of the crisis.

Hinged upon data, analytics, and past crisis patterns, the AKADEMIYA2063 Ukraine Crisis Brief Series analyzes the economic and socio-economic impacts of global market disruptions induced by the Russia-Ukraine conflict. These research findings are published on AKADEMIYA2063's Ukraine Crisis and African Economies portal.

Session XII of the AKADEMIYA2063 Ukraine Crisis Webinar Series will discuss the impacts of the Ukraine-Russia war on commodity markets in Mozambique.

Based on AKADEMIYA2063's Ukraine [Brief 15](#), "The Russia-Ukraine Conflict: Impacts on Commodity Markets in Mozambique," the session will examine the short-term effects of the Russia-Ukraine conflict on commodity prices in Mozambique's domestic markets. The speaker will also examine commodity price dynamics based on location, due to the high import dependency and larger incomes in urban centers compared to rural areas.
